

Business Improvement Group, LLC

We Diagnose, Improve, Teach and Hand Over

B.I.G. introduction

January, 2021

- Partners with 100 years of combined operational experience as General Managers, C-level execs and consultants
 - A team of senior doers and operators that roll up the sleeves and get the job done No junior staff!
 - Our focus is manufacturing, logistics, supply chain and transportation
- We have a proven approach to turn tough business problems into Opportunities
 - Proprietary, 360 diagnosis designed to quickly diagnose and prioritize your biggest challenges and improvement opportunities
 - Working with your leadership team, we'll plan and implement a comprehensive improvement program
- Our clients usually work with one Partner, but we collaborate behind the scenes to bring our combined experience to bear
- Network of distinguished associates with expertise in a broad range of industries and functions
- A real passion and energy to help companies improve
 - We implement our recommendations and work at the source
- We get stuff done

Why we are different:

Solving the unique challenges facing the most challenging industry of all A Real Passion for Helping Manufacturers is what we do best. We love Manufacturing and all its related functions. Four Partners with Over 100 Years of Hands-On General Managers and C-Level Executives in manufacturing companies. Experience We've sat in your chair, we implement, we get it done. No cookie-cutter solutions. No kids who have to be taught a We Customize to YOUR Business system because we don't use one. We have experience. Sustainability We will work with you to make sure your company holds onto the gains made. A Bias to Teach We leave our tools behind so you can use them after we leave. **Proprietary, 360 Audits** Designed to quickly identify your biggest challenges and opportunities. We collaborate behind the scenes and with our wide-ranging Four Partners in One with a Wide-Ranging Network of **Associates** networks, so you benefit from our collective experience.

How we do it:

 We believe in a highly targeted approach to quickly identify improvement opportunities and then 'crack' them one by one

Implement

We'll be right there, sleeves rolled up, to help you implement change and make it stick.

Teach

Unlike most consulting firms, we don't work in secret. Secrecy robs your employees of learning. We teach as we go so your folks learn how to apply the lessons after we leave.

Hand Over

We won't hang around, wasting your time and money. That's one reason we scope projects so carefully. But -- we'll also help you sustain the gains made.

Diagnose

Proprietary 360-degree Operations audits uncover the biggest opportunities to improve at the lowest cost.

Scope

Clearly define the project, outputs and deliverables, metrics and KPIs.

We Diagnose, Improve, Teach and Hand Over

Hands on implementation

- Productivity across the enterprise
 - Even the best run companies have a 5% to 30% improvement potential. We routinely achieve this for our clients
- Supply Chain Management
 - Optimize and harmonize supply chains and purchasing/procurement operations.
 Save, reduce risk and ensure supply
- Quality improvement
 - Standards implementation, build quality into the process up front. E.g. eliminating non value added inspections, utilizing statistical methods
- Inventory Management
 - Minimize cash tied up and saving space while insuring reliable supply

Hands on implementation, cont.

- Logistics and Distribution
 - Warehouse and distribution/fulfillment center optimization
 - Planning and optimizing logistics operations
- Sales operations
 - Improving the interface between sales/marketing and operations/manufacturing. Improve productivity of the sales organization
- Service operations
 - Process improvement and optimization for companies with complex processes
- Freeing up IT resources
 - Improve the productivity of large IT shops

Advisory

- Transaction Advisory Services (TAS) --> Pre-sale or pre-acquisition
 - Sell side: Improve EBITDA; a huge lever to improve valuation
 - Buy side: Make operational analysis part of the Due Diligence process to understand improvement potential post purchase
- Operational expertise for financial and legal advisors to companies in transition
 - Augment the value of financial and legal advisors provide with our operational expertise to maximize value of companies in transition
- Company Turn-Arounds
 - Hands on management including first 90 days plan, liquidity management, process stabilization, vendor and banking negotiations and going forward plan
- Interim and fractional executive management
 - Experienced hand on the tiller e.g. supporting senior transitions, step in to solve critical issues
- Executive coaching and seminars
